DENIAL OF SERVICE

Utilities may refuse to commence service to an applicant for various reasons. The PSC's rule (effective November 1, 2004) establishes procedures to be followed by the utilities to insure reasonable and uniform standards exist for denial of service. The rule also protects applicant(s) at the time of their application, from being required to pay for the bill incurred by other individuals for service from which the applicant(s) did not receive substantial benefit.

A utility **MAY REFUSE** to commence service to an applicant for any of the following reasons:

1. Failure to pay an undisputed delinquent utility charge for services provided by that utility or its regulated affiliate;
2. Failure to post a required deposit or guarantee;
3. Refusal or failure to permit inspection, maintenance, replacement or meter reading of utility equipment;
4. Misrepresentation of identity;
5. Violation of any other rules of the utility which affects safety of the customer or other persons;
6. As provided by state or federal law;
7. Failure of a previous owner or occupant to pay delinquent utility charges where the previous owner or occupant remains an occupant;
8. Failure to comply with the terms of a settlement agreement; or
9. Unauthorized interference, diversion of utility's service by the applicant or by a previous owner or occupant who remains an occupant.

Note: *A utility may refuse to commence service temporarily for reasons of maintenance, health, safety or a state of emergency until the reason for such refusal has been resolved.*

A utility **MAY NOT REFUSE** to commence service to an applicant for any of the following reasons:

1. Failure to pay for merchandise, appliances or services not subject to commission jurisdiction as an integral part of the utility service provided by the utility;
2. Failure to pay the bill of another customer. In order to deny service the utility must show that:
 - a. the applicant and the other customer lived at the same address during the time the service was provided;
 - b. the bill was incurred within the past seven years;
 - c. the utility has attempted to collect the unpaid bill from the customer of record; and
 - d. at the time of the request for service, the bill remains unpaid and not in dispute.

Note: *The utility shall commence service at an existing residential service location as close as reasonably possible to the day specified by the customer for service to commence, but no later than, three business days following the day specified by the customer for service to commence provided that the applicant has complied with all requirements of this rule.*

This is a summary of the Denial of Service rule (4 CSR 240-13.035).
